Year 11 Information Evening

What to expect tonight

- Introduction from Miss Baptiste – Head of Year 11
- Google Classroom
- GCSE Grades and School Performance Measures explained
- Current Progress for Year 11
- Key Dates for this year
- How parents can help (not nag!)
- Careers/6th Form Application support
- Revision tips/App

Miss Baptiste

- *As ever, a huge thank you for your support and commitment to your child's education and wellbeing - more than ever we need to work together to ensure your child is supported throughout this year.*
- *You can get in touch with classroom teachers by typing the teacher name into your child's school gmail account. Alternatively these are available on the school website.*
- *We will share with you during this evening key information and key dates for your calendar and any updates you may need to know regarding Year 11.*
- *Booster classes - Timetable will be shared and registers will be taken.*
- *Please remember to email us if your child requires access arrangements - by the the end of September.*
- *Entry requirements and references - when apply for 6th form/college.*
- *Please let us know if you have any issues/concerns - communication is the key to success. We can't help if we don't know there is a problem!*

Physics	8	8	8				
Hosp & Catering L2 Cert	D*	D*	D*		D-	1	Act on feedback from your teacher in order to improve and develop your theory and practical work.
French	6	6	6		4+	1	Use online revision sites to increase your knowledge of the language. See your teacher for details. It is very important at this stage to do 10 minutes revision per day. This can be done through Memrise and Duolingo. All vocabulary for all topics must be learned as well as the different tenses. For the vocabulary you can use the 'look, cover, write' method which is very effective. You can also use online revision sites such as BBC bitesize. Make sure that you learn the answers in the speaking booklets as will also help you with the writing. You can also listen to French radio or watch films to improve your listening skills.
Geography	7	7	7+		4+	1	
History	8	8	6		4+	1	Complete past paper questions to practice exam technique.
R.E.	7-	7	7+		4+	1	In the 12 mark question ensure you reach a justified conclusion

In Year 11

- If students have fallen behind, we are asking teachers to give them clear lists of the work missed, and a timetable to catch it up. This should also be communicated to parents.
- Some students may be struggling with the number of subjects they are taking. Please communicate with us - we will review their curriculum and make adjustments where appropriate.
- There will be regular Exam practice, and Mocks scheduled at the following times:
 - October (Maths tbc and MFL)
 - November (Science tbc, Art subjects, English, Humanities)
 - January (all subjects)
 - March (tbc Science and English)
- After School Sessions: Students will receive a timetable of sessions available to attend (some will start in the next few weeks). We ask parents to support us in treating them as compulsory.

Boost Classes

These will start running around October half term (some before). Students will be invited to them by their teachers.

The potential schedule this year is;

Day	3:00-3:45	3:45-4:30
Monday	Maths	Option Block C
Tuesday	MFL	Option Block A
Wednesday	English	
Thursday	Science	Option Block B
Friday	RE/Humanities	

► Some departments choose to run their sessions at lunchtimes instead.

Homework at KS4 – our expectations

- Staff will set homework when they think it appropriate to enhance learning (i.e. to check understanding, to finish a piece of work off, research, revision etc). This should always be recorded on the Google Classroom.
- If work is not set for a subject, we would expect a student to complete approximately 20-30 minutes of independent study for each subject they have on that day. This can be reading ahead, going over notes, answering past questions, revision websites, APPS etc.
- KS4 Course Expectations Booklet from Yr 10/website.

Revision techniques

- Learning a language is like going to the gym. Yes, it is sometimes very difficult and boring, but after a little bit of hard work we are suddenly fit enough to play our favourite sports.
- This is what you'll find with MFL, sometimes it can be boring, but this is necessary for the fun things that come afterwards.
- There is no one way to learn and we often need to use a variety of techniques to fully understand new ideas but all strategies must be active.

Revision techniques II

- Flashcards
- Languagenut <https://www.languagenut.com/en-gb/>
- Quizlet <https://quizlet.com/en-gb>
- Tassomai <https://www.tassomai.com/>
- Vocabulary book
- Grammar revision - tenses
- Podcasts - choose their own interest, use GCSE pods
- Watch authentic materials
 - Lupin
 - Cable girls

Make a study plan

Vocabulary learning

- The vocabulary lists for the 8 chapters of the textbook will be uploaded in all google classrooms from next week
- Grammar resources will also be available to practice and learn tenses

Grammar revision

- All students must be able to talk/write in present, past and future in order to pass the writing and speaking exams
- Students must be confident when mixing the tenses and changing the verbs/actions words to speak in the different time frames (today, yesterday and tomorrow)

Community Languages

- If you are fluent in a second language from the list below and can read, speak and write on that language, you can sit your community language exam this summer.
- You DO NOT need to sit the exam again if you already did it last year
- You will still need to continue with your current language at school
- A form will be shared at the end of October, please ensure you fill in that form or you will not be entered

Parents – what can you do?

TAKE AN INTEREST

- One of the most important things you can do to motivate your child is to take an interest in their education. Speak to them about how their studies are going, what is working well and what problems they are having.
- Look for opportunities to praise them and support them where possible.
- Keep checking to see how they are getting on during the year and the revision period.

HELP THEM MAKE A START

- Make sure they have all the basic equipment they need such as pens, pencils, calculator, geometry set etc. for their exams.
- Ask them if they need any subject specific revision guides which are available through the school.
- Try to make sure they have a quiet working environment to study at home

HEALTHY LIFESTYLE

- Do not underestimate the difference a healthy lifestyle can make to your child's performance at school.
 - Eating and exercising well can reduce stress on the body and help make someone feel good about themselves.
-

Parents – what can you do?

REVISION

- Discuss with your child what their plans are for revision and help them put together a revision timetable. **Download Mr Miller's Revision planner from the Google classroom - available soon.**
- Make sure they plan and start early. Most successful students begin revising for their final GCSE or A Level exams in January/February and 'full-on' revision begins at the beginning of the Easter holiday.
- Get them to create their own revision notes and not just read a book.
- Make sure they are testing themselves by completing past exam questions.
- Second hand revision guides, textbooks, and flash-cards are available from school in some subjects - please ask!

INCENTIVES AND REWARDS

- Discuss with your child the reasons for them needing to do well in their GCSEs and what their goals are. Having a clear understanding of what grades they need to get into sixth form or college is important.
- Some students need more of incentive than just getting good GCSE results. You may want to discuss what rewards or incentives will motivate them (food!)
- Remember it is important that they try their best and be positive whatever the results.

- ☐ Attend all support sessions
- ☐ **Revise and prepare thoroughly for any in class assessments and your mock exams – they could end up counting towards your final grade!**

What you do everyday
matters more than what
you do every once in a
while.

Mr Jackson, tutor of 5Jj,
to Matt Larner sometime
in 1998.
