Dear Parents & Carers,

Whilst the internet hosts so many positives and can be an essential tool to assist young people with their learning, the online world is posing an ever-increasing risk to children. It is important that schools, parents and carers work together to take an active role in teaching children about online dangers. Learning how to act safely when using the internet is an incredibly important part of safeguarding our children.

We are therefore delighted to announce that **Winchmore School** has shown our commitment to protecting our pupils online by working with National Online Safety, providing resources for parents and carers.

The resources include Parents and Carers courses (presented by Myleene Klass), online video resources and weekly guides covering a huge range of topics, including:
