

WEEK 1

World Book Day

The week was filled with activities to celebrate World Book Day on Thursday 7th March. All students engaged in the tasks throughout the week. Quizzes, short stories, charades and author talks showcased the advantages and benefits of reading across the school. It was great to see so many students and staff dressed up. Thank you to all those involved and remember to keep reading!

Author Visit

On Wednesday students in Year 8 took part in a workshop by the author Maria Motunrayo Adebisi as part of our World Book Day celebrations leading up to the day itself on Thursday. Maria was delighted to see that several of our students had already read her book 'Koku Akanbi and the Heart Of Midnight'.

The book focuses on the main character Koku and his impossible quest filled with magical tribes, man-eating monsters and vengeful mermaids. Koku also has Sickle Cell and Maria was able to explain to our students what that was and the challenges it poses to anyone with Sickle Cell.

The students enjoyed the talk and the book will be available in the Library to borrow from next week.

WEEKLY

New Sixth Form Building

Here are some photos of how our new Sixth Form building is progressing.

STEM Roadshow

To celebrate National careersWeek 2024 Years 7 and 8 took part in a STEM Roadshow on electricity organised by BAE/RAF/Navy. Students took part in lots of demonstrations and enjoyed the fun presentation.

Any future engineers amongst our students were provided with lots of advice about careers in engineering.

Primary School Science Workshop

On Monday 4th March 30 Year 6 children from St Pauls Primary School joined us at Winchmore school for a science workshop. The children were involved in different experiments including; using indicator infused agar gel discs to test for acids and alkalis, using universal indicator and phenolphthalein indicator to test for acid, alkali and neutral solutions and preparing onion slides and viewing these using a microscope. The children were amazing, they knew so much about science and were so well behaved and so excited to be taking part. Thank you to all the science staff involved Science Technician Mr Amit Nagrani for preparing all the resources, the year 13 students Hajra, Abida, Reyda, Heliya, Jilly and Lybah. A special thank you to all the children involved and the staff from St Pauls Primary School.

Dr Ktori
Head of Chemistry and second in charge in science

School Premises for Hire

Are you part of a local community group?
Do you run an after school or evening club or activity?

Did you know our school premises are available for hire Monday to Saturday at competitive prices. We would love to hear from you via our lettings agent School Hire & Functions Limited.

Trip to Kenya - Raffle

Our students are travelling to Kenya in 2024 with Camps International on an exciting four week expedition in the summer. This is an opportunity for both Staff and Students. As part of the pre-departure process, we have to fundraise money for two teachers to accompany this expedition. This is not your normal international experience and educates students to become global citizens by taking action on critical issues and increasing support for causes through contributing to the wider Kenyan community. The trip will provide authentic experiences and we will not be taking the normal tourist trail to connect them to the real world and real people. Students will be contributing to community projects i.e delivering education in village schools or looking at sustainable development or building school buildings or public healthcare facilities.

Students will also develop their team building skills, as the final aspect of this trip is a trek to the summit of Mt. Kenya. This expedition will provide challenging and life changing experiences, where the students will realise their full potential. We

would really appreciate donations from the wider local community. We would like to take this opportunity and thank you in advance for your generous support.

One of the ways you can support us is by purchasing raffle tickets to win some amazing prizes. Tickets are £2.00 and can be purchased via parent pay.

Raffle Prizes:

Giant Easter Egg

Meal for 2 at Babinondas in Winchmore Hill

Family Night in Hamper

Well Being Box

Stationery Hamper and many more fabulous prizes.

We would like to take this opportunity and thank you in advance for your generous support.

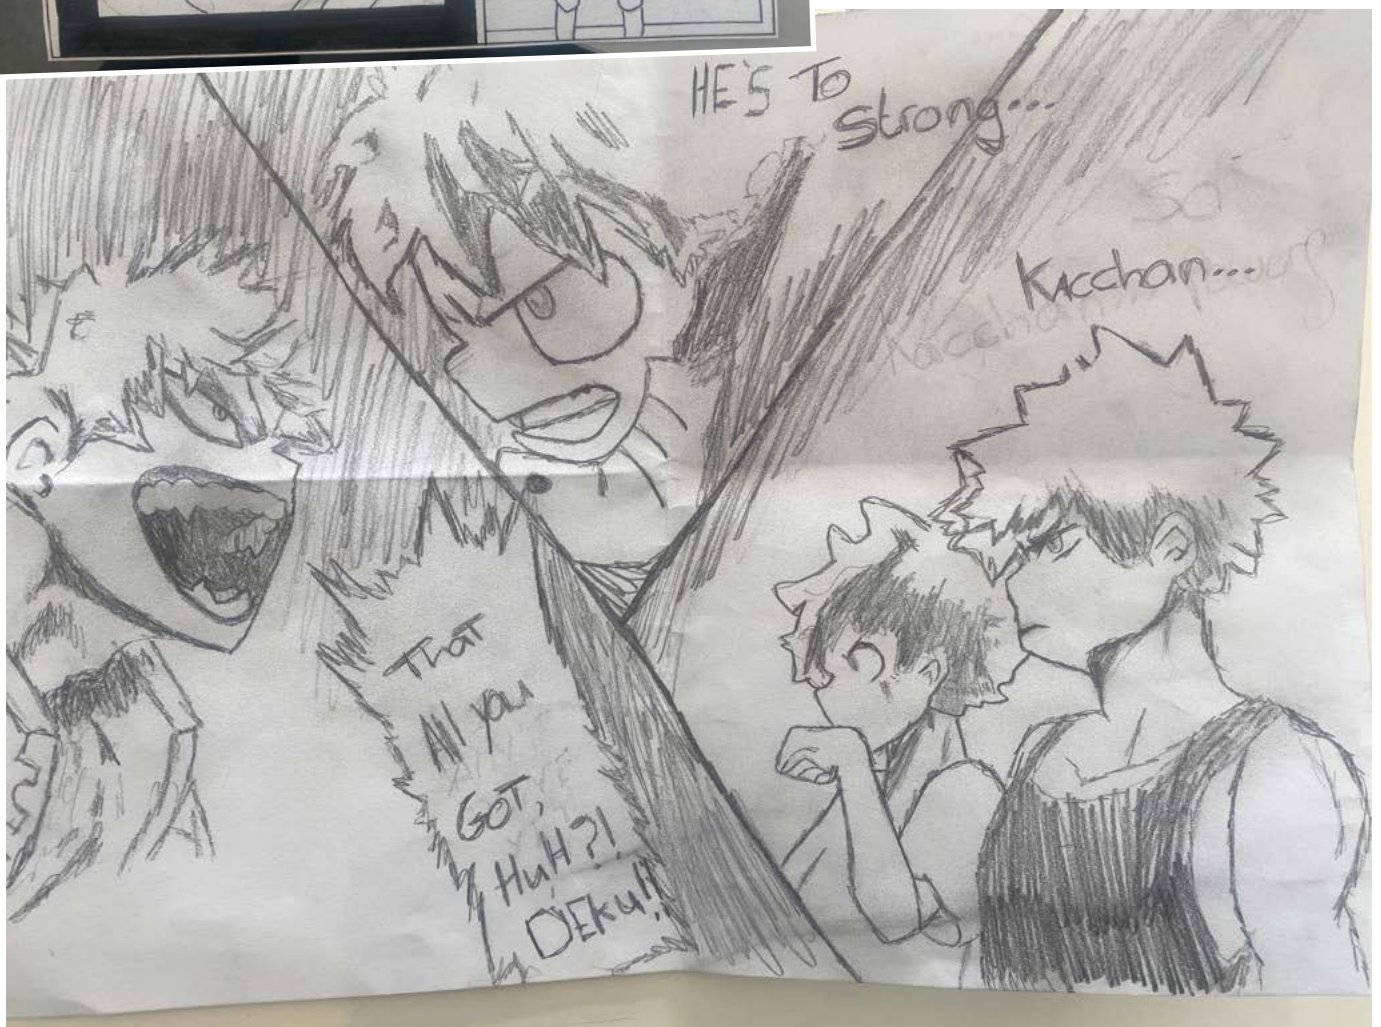

World Book Day Winners

Literacy Corner

'WINCHMORE'S WORD OF THE WEEK' CHALLENGE - week beginning 11th March:

Word of the Week: **Solidarity**

Word Class	Noun
Meaning	Unity or agreement of feeling or action, especially among individuals with a common interest; mutual support within a group.
Examples	<ul style="list-style-type: none"> - During the challenging times of the pandemic, communities came together in solidarity to support one another through acts of kindness and mutual aid. - The school's environmental club organized a tree planting initiative, demonstrating solidarity with the global effort to combat climate change. - The school's multicultural festival celebrated diversity and fostered a sense of solidarity among students from different backgrounds.
Challenge	How many books have you read so far this year? Make a mind-map of all the books your form have read recently and send a list to Miss Falconer.

What's the challenge? You must use the 'word of the week' in the correct context (where possible) in any of your subjects. If you are able to use it in the correct context (not just going up to your teacher and saying it – has to be relevant to what you are doing), you will get 1 'word of the week' achievement point.

Why are we doing this? To widen our vocabulary, oracy and understanding alongside encouraging a love for literacy across the school (in all subject areas).

Remember: that the student with the most **'word of the week'** achievement points in the year group at the end of the half term will receive a voucher!

Human Body VR Workshop

To celebrate World Science week Year 7 students had the opportunity to take part in a Human Body Virtual Reality Workshop today. Students were able to wear VR headsets and explore the circulation system, the digestive system and the skeletal system. Packed with facts, it was an immersive way to learn about the human body.

LUNCHTIME ACTIVITIES:

- **KS3 and KS4 Careers Drop in** - Careers Office

AFTER SCHOOL ACTIVITIES:

- **After School Club** - Library 3pm to 4pm
- **Music Tech Club** 3-4pm in M2
- **Art and Photography Club** 3.15-4.15pm in A1
- **The Entrepreneurs Club** 3.15-4.15 in room 31
- **Year 11 RE and Dance Boost sessions** for invited students (3pm)
- **Year 11 Geography, Sociology, IMedia and Dance Boost** invited students (3:45pm)
- **Year 11 Science Boost** for invited students (3pm)
- **SEND Scrabble club** (Specific students - Y10 & Y9) - 3:15-4:15
- **Year 7 & 8 NETBALL game vs St Annes**
- **Coding Club (KS3)** 3:00-4:00 Room 03
- **Year 9 English Boost sessions** for invited students 3pm to 4pm

Year 13 Biology A Level trip to Epping Forest

LUNCHTIME ACTIVITIES:

- **Apprenticeship Careers Drop in** (Any Year group) - Careers Office
- **Lego Club** - Years 7&8 - Wellbeing Room 1.15-2pm
