Primary School Science Workshop

On Friday 28th Feb 2025, 30 year 6 children from Firs Farm Primary School joined us at Winchmore school for a science workshop. The children were involved in different experiments including; using red cabbage indicator to test for acids and alkalis using household items. They also got to see the methane bubbles demonstration which they really enjoyed. The children were amazing, they knew so much about science and were so well behaved and so excited to be taking part.

Thank you to all the science staff involved; Senior Science Technician Mr Amit Nagrani for preparing all the resources, Antonia, John, Miss Cetin and our trainee teacher Mr Czemyers. A special thank you to all the children involved and the staff from Firs Farm Primary School.

Dr Ktori - Head of Science Faculty

What are you Reading?

I'm Miss Falconer and I am the Literacy Coordinator at Winchmore School.

It's really important that we encourage our students to foster a love of reading as it offers numerous benefits, from expanding knowledge and improving vocabulary to boosting imagination and creativity. It helps reduce stress by providing an escape, while also enhancing focus, concentration, and memory. Regular reading fosters empathy by allowing you to experience different perspectives and encourages lifelong learning. Overall, it is a powerful way to stimulate the mind and nurture personal growth.

Therefore I encourage you to pick up a book and start reading. Whether it's on the bus home, before you go to sleep, or while you're waiting to pick your sibling up from school. Expand your mind and discover something new. If you feel inspired, I encourage you to write a short review of your book and send it to me at **madeleine.falconer@winchmore.enfield.sch.uk** and you will be published in the Winchmore Weekly!

Currently I am reading *The Family Upstairs* by Lisa Jewell. This is a dark, gripping tale; one part thriller, one part family saga. It follows the Lamb family, and the series of strangers who move into their house and turn their lives into a living nightmare. From the first chapter I have struggled to put it down, frustrated when the train gets into Winchmore Hill station. Each chapter describes a different turn of events leading to what I hope is a grand finale and the answer to all my questions!
